CURR
HIST

The attached list of learning and teaching resources identifies new authorizations that support the program of studies for elementary science approved for optional implementation in September 1995.

Resources are identified by grade and topic. The letter codes of topics are as shown in the chart to the right. Note that some resources will apply to multiple topics and multiple grades.

These resources will be available from the Learning Resources Distributing Centre. Many are already in stock and are listed in the May supplement to the catalogue; others will be listed in the fall 1995 supplement.

For further information on these resources contact Bernie Galbraith at the Curriculum Standards Branch, phone 422-0597, Fax 422-3745, internet: bgalbraith@edc.gov.ab.ca

Grade	Topic
1	A. Creating Colour B. Seasonal Changes C. Building Things D. Senses E. Needs of Animals and Plants
2	A. Exploration of Liquids B. Buoyancy and Boats C. Magnetism D. Hot and Cold and Temperature E. Small Crawling and Flying Animals
3	A. Rocks and Minerals B. Building with a Variety of Materials C. Testing Materials and Designs D. Hearing and Sound E. Animal Life Cycles
4	A. Waste and Our World B. Wheels and Levers C. Building Devices and Vehicles That Move D. Light and Shadows E. Plant Growth and Changes
5	A. Electricity and Magnetism B. Mechanisms Using Electricity C. Classroom Chemistry D. Weather Watch E. Wetland Ecosystem
6	A. Air and Aerodynamics B. Flight C. Sky Science D. Evidence and Investigation E. Tree and Forest
